Cabernet Sauvignon, Lúuma	Oak Knoll AVA, Napa Valley, CA	2019	18
Cabernet Sauvignon, Faust	Napa Valley AVA, CA	2018	30

# Rare & Premium Glass Pours by Coravin®

**Chardonnay**, Ridge Vineyards, “Estate” Santa Cruz Mtn AVA, CA 2018 28

A powerful, classically styled California Chardonnay; this wine explodes from the glass with notes of buttered popcorn, pear tart, pineapple and lemon confit. With a dominant use of American oak, sustainably farmed fruit, minimal sulfur usage and whole cluster fermentation, the Ridge Estate Chardonnay exemplifies the philosophy of “Pre-Prohibition” winemaking. All from a pioneer of fine wine in California, this Chardonnay is the culmination of a winemaking pedigree founded in 1885.

**Pinot Noir**, Domaine Joseph Roty Marsannay AOP, Côte de Nuits, Burgundy, FR 2017 34

Iconoclast. Eccentric. Legend. All names used to describe this singular producer from the Côte de Nuits in Burgundy. Boasting some of the oldest vines in Burgundy, wines from this Domaine are highly sought after by critics and collectors alike. 2017 was an abundant, steady, stress-free vintage, giving wines of typicity, complexity and purity of fruit. Delicate notes of tart cranberry dance with blood orange, rhubarb, dried roses, and forest floor.

**Meritage Blend**, Overture by Opus One Napa Valley AVA, CA NV 49

Overture by Opus One is a unique blend of several vintages (NV) that allows for much greater consistency against variations from year to year. Overture has been the “second wine” of Opus One since 1993, following the tradition of Bordeaux. Made in the exact same method with the same meticulous standards as Opus One, Overture is a classic Bordeaux style blend with Cabernet Sauvignon making up around 70%. Luscious yet focused, with cassis, mocha, cedar, spice and a crushed velvet-like texture.

**Cabernet Sauvignon**, Faust Napa Valley AVA, CA 2018 30

Faust is a full-bodied wine and as classically styled as Napa Valley Cabernet Sauvignon gets. This unctuous wine has inky legs that stain your glass, foreshadowing its richness and intensity. It has concentrated aromas and flavors of roasted cassis, blackberry pie, mint, eucalypt oil, and sweet oak. The tannins are rich, but ripe & supple at the same time.

**Sangiovese Grosso**, Lisini Brunello di Montalcino DOCG, Tuscany, Italy 2015 35

From the excellent 2015 vintage, comes this stunning 100% Sangiovese Grosso from Lisini. The wines of Lisini are benchmark, standard bearers of the Brunello di Montalcino appellation. Strict stewards of traditional winemaking, this wine is fermented in glass lined concrete vats and aged in large Slavonian oak casks. The result is a powerhouse with a deft hand; notes of plump woodland berry, exotic spice, wild herbs, and vanilla give way to firm, yet elegant tannins and a pleasant lift of acidity only possible from meticulous wine making. Drink with the lamb or steak.

# What We're Drinking

*(Some Favorites from our recent trips to the Cellar!)*

## Eric

19 Faust, Cabernet Sauvignon Napa Valley AVA, CA 2018 113

*(from Agostin Huneeus - the founder of Quintessa)*

Faust is full-bodied wine and as classically styled as Napa Valley Cabernet Sauvignon gets. This unctuous wine has inky legs that stain your glass, foreshadowing its richness and intensity. It has concentrated aromas and flavors of roasted cassis, blackberry pie, mint, eucalypt oil, and sweet oak. The tannins are rich, but ripe & supple at the same time.

## Chris

94 Billecart Salmon, Brut Rosé, (750ml – Full Bottle) Champagne AOP, France NV 195

*(40% Chardonnay / 30% Pinot Noir / 30% Meunier)*

Pure elegance on the palate. This Champagne is a ballet dancer. Shows notes of tart raspberry, Bing cherry, shortbread, and toasted brioche with marmalade. Its plush satiny texture gives way to the zest bright finish with a touch of chalky minerality to balance it out.

## Greg

214 Coho, "Headwaters," 'Bordeaux Style' Blend Napa Valley AVA, CA 2016 103

*(58% Cabernet Sauvignon / 39% Merlot / 3% Petite Verdot)*

Sourced from Napa Valley's renowned Coombsville district, "Headwaters" is perfect example of how well the Bordeaux grape varieties fare in Napa. Ripe plums, red & black currants, licorice, and grilled bread are all present in your glass. Plush and silky tannins softened by the Merlot complement the Cabernet Sauvignon perfectly.

# Sommelier Suggestions

## Ridge Vineyards...A Return to the Classics

Since 1885 Ridge Vineyards has been producing some of California's most **iconic** wines. Deploying a strict "Pre-Prohibition" (non-industrial) style of wine making along with a commitment to a "hands off" approach, Ridge wines display a **sense of place** and an **intensity** rarely matched in the world of wine. From pioneering the "single vineyard" approach in the 1960's, to the use of native yeast during fermentation and a philosophy of **transparency** rarely seen on other wine labels, Ridge continues to be a simulacrum of **consistency, quality, passion and prestige**. Few other California wineries boast a longer history and consistent quality level as does Ridge Vineyards. But don't take my word for it...taste the history and pedigree for yourself.

### By the Glass via Coravin®

Chardonnay, Ridge Vineyards, "Estate" (Buttery and Rich; Classically Californian)	Santa Cruz Mtn AVA, CA	2018	28

745 Ridge, Lytton Estate, Petite Sirah (94% Petite Sirah/ 6% Zinfandel)	Dry Creek Valley AVA, Sonoma Cty	2017	86

## Ferrando...Magic in the Mountains...Italian Style

The wines coming from Northern Piedmonte, Italy have been enjoying a slow but palpable **Renaissance** in recent years. Front and center of this movement is Ferrando and the commune of Carema. It is here in this natural amphitheater located high in the mountains that the Ferrando clan has been making some of the most **consistently coveted** wines of the region and all of Italy. Known best for producing ethereal, lighter versions of Nebbiolo than their cousins Barolo and Barbaresco further south, Ferrando also has a hand in the obscure, almost extinct white varietal Erbaluce. The great importer Neal Rosenthal articulates it best: these wines "emphasize **tension over richness, grace over force**" and "an ineffable quality of **itself-ness** that only truly great wines possess". These are Italy's answer to the Grand Cru Burgundys of France, and what a compelling statement indeed.

### Sparkling

# Glossary of Terms

## General Wine Quality Levels

**AOP (France)** - Appellation d'Origine Protégée – Protected Appellation of Origin - This is a specified area with defined boundaries and specific rules for growing and making wine.

**DO (Spain)** - Denominación Origen - This is a specified area with defined boundaries and specific rules for growing and making wine.

**DOQ/DOCa (Spain)** - Denominación Origen Calificada- This is a specified area with defined boundaries and specific rules for growing and making wine that has achieved the highest reputation for quality in Spain.

**DOP (Portugal)** - Denominação de Origem Protegida - This is a specified area with defined boundaries and specific rules for growing and making wine.

**AVA (USA)**- American Viticultural Area - This is an area with defined boundaries that has a similar influence on wine growing as it applies to its terroir / geology and climate. There are no rules for what growers may, or may not, grow.

**County Appellations (USA)** - These are political boundaries which may, or many not, contain AVA.

## France

**Vielles Vignes** - Old Vine - This term has no legal definition, but producers will use it to designate bottlings from the older & more established vines on their property. I have heard a general rule of thumb: "If the vines are older than the wine-grower, then they can call it Vieilles Vignes!"

**Regional (quality level)** - This is a geographical quality level that applies mainly to the wines of Burgundy. For this level a producer can use fruit from anywhere in the region. They are typically very easy to drink young and are very reasonable in price.

**Village (quality level)** - This is a geographical quality level that applies mainly to the wines of Burgundy. These wines must be grown within the geographical boundaries of the specified village on the label only. Some villages have earned higher esteem and demand than others. They are priced according to both this reputation and this demand

**Lieu-Dit** - Named place - A term typically used in Burgundy. A lieu-dit (pronounced: LOU-dee) is a vineyard site that carries a name that has been historically associated with it. That site, however, has not been classified as a 1er Cru, nor Grand Cru. It is simply a "named place" vineyard.

**1er Cru (quality level)** - This is a geographical quality level that applies mainly to the wines of Burgundy. Within villages there are specific vineyards with specific boundaries that have demonstrated over a long period of time that they are consistently producing wines of a higher quality and demand than their neighboring vineyards. Wines coming from these vineyards can have their name appended to the Village name and qualify for a Premier Cru (1er Cru) designation on the label.

**Grand Cru (quality level)** - This is a geographical quality level that applies mainly to the wines of Burgundy and Alsace. Within villages there are specific vineyards with specific boundaries that have demonstrated over a long period of time that they are consistently producing wines of the absolute highest quality possible. Beyond that of the 1er Cru vineyards. In this case, producers do not even put the name of the village on the label, only the name of the Grand Cru. These wines demand the highest prices in Burgundy and are the most sought after, prized, and hoarded by wine collectors.

**Grand Cru Classé** - This designation has been given mainly to the wines of Bordeaux and Cotes-de-Provence. Specific producers have shown the ability to produce a caliber of wine much higher than the vast majority of other producers in their region. Producer groups in these regions have designated (or classified) the best of the best and allowed them to use the term "Grand Cru Classe" on their labels. In the case of the Medoc region of Bordeaux they separated 61 producers into 5 different levels of "Grand Cru Classe."

## United States

**Reserve** - Has no legal definition. Any producer can use this term for any reason...

**Estate Bottled** - A producer must own (or control through lease) 100% of the land used to grow the grapes used in a bottling. Additionally, all vineyards used must be located in the same AVA as the winery itself.

# Glossary of Terms

## Italy

**Superiore** - Typically refers to a richer wine than might normally come from the region. In the rules of production for the region it is usually expressed by having a higher minimum alcohol than the normal standard for the region. Amounts will vary from region to region.

**Riserva** - This is an aging requirement term. It almost always requires a longer aging process before the wine can be released for sale to the public. The length and type of aging (cask vs. bottle) will vary from region to region. For example, a wine labeled Barolo DOCG must be aged for 38 months (including 18 in cask) before it can be released; whereas a wine labeled Barolo Riserva must be aged for 62 months (including 18 in cask) before being released.

## Spain

**Crianza** - This is the first level of aging designations in Spain. It typically designates 12 months total aging including 6 months in cask for whites & rosés; and 18 months total aging including 6 months in cask for reds. This is a generalized amount, some DO's & DOCA's may have their own individualized rules.

**Reserva** - This is the second level of aging designations in Spain. It typically designated 24 months total aging including 6 months in cask for whites & rosés; and 36 months total aging including 12 months in cask for reds. This is a generalized amount, some DO's & DOCA's may have their own individualized rules.

**Gran Reserva** - This is the highest level of aging designation in Spain. It typically designates 48 months total aging including 6 months in cask for whites & rosés; and 60 months total aging including 18 months in cask for reds. This is a generalized amount, some DO's & DOCA's may have their own individualized rules.

## Germany

**Pradikats** - These are quality levels that are directly associated to the amount of sugar level in the grape when it is harvested. This correlates to the amount of potential alcohol and body the wine may have after fermentation.

**Kabinett** - The first of the "pradikats." Kabinett typically indicates a wine of a very delicate nature. One might expect find the slightest bit of residual sugar here; just a prickle of sweetness, not much more than that.

**Spätlese** - Probably the most widely encountered "pradikat." Spätlese wines have been harvested a bit late, their sugars have started to concentrate and there is a bit of botrytis (noble rot) on them. Expect these wines to have a good amount (but not dessert level yet) of residual sugar & sweetness, but are still classified as table wines.

**Auslese** - Wines of this designation sit right on the edge of having enough sugar to be dessert wines. There has been a noticeable, but not extreme amount of water evaporation leaving the grapes rain-like. They have a very noticeable amount of botrytis and residual sugar.

**Beerenauslese (BA)** - This is the first pradikat level that is squarely in the dessert wine category. They typically only come in 375ml & 500ml sized bottles. Climatic conditions need to be just right to make these wines correctly. They have been left on the vines much later than most, have a high amount of raisination, and show an elevated level of botrytis.

**Eiswein** - This is one of the rarest types of German & Austrian wines. The climatic conditions have to be just perfect. The grapes have to naturally freeze on the vine at the exact right time. The ice crystals in the water turn to ice, but the sugar and grape nectar do not. These wines are highly concentrated in sugar, and are incredibly sweet with a rich, syrupy texture that still manages to not appear cloying.

**Trockenbeerenauslese (TBA)** - A legendary wine in the world of dessert wines. Very little compares to TBA. The grapes are very shriveled and covered with botrytis. They are unctuously sweet with the viscosity of high-quality fresh maple syrup. These wines are powerful and precise at the same time.

**Trocken** - Dry. A wine with 9 grams per liter of residual sugar or less.

**Gutwein** - A wine made from within a specified large region. That region's name must be on the label.

**Ortswein** - A wine made from a specific village. The village name must appear on the label.

**Erste Lage (First Growth)** - A term synonymous with 1er Cru in Burgundy. These wines can be dry, off-dry, or sweet.

**GG (Grosses Gewachs)** - A term synonymous with Grand Cru in Burgundy. These wines must be trocken/dry.
