The February 2019 signing of the Padres' 300 million-dollar man took Friar fans' excitement to stratospheric levels. A four-time All-Star and Gold Glove recipient twice over, Manny Machado's star power captures the attention of the crowds while his team play earns him respect in the clubhouse. In an interview with *Ranch & Coast*, Machado's teammate Greg Garcia referred to him as "arguably the best player in the world." Fortunately for us, his ten-year deal means we could have nine more superlative seasons of #13 highlights to look forward to.
